Following the Circular C130, the Cyprus Securities and Exchange Commission ('the CySEC') requests the Cyprus Investment Firms ('the CIFs') to inform CySEC on the effects that brexit has on their activities, including any contingent liabilities.

In addition, CIFs must calculate their own funds and capital adequacy ratio and inform CySEC accordingly. No need to submit the CRD returns, only the two figures above.

CIFs are kindly requested to submit the above by **COB** (close of business) **today at the electronic address supervision@cysec.gov.cy**.

Yours sincerely
